Createspace, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Army Doctrine Publication (ADP) 3-05, Special Operations, provides a broad understanding of Army special operations by describing how executing the two mutually supporting critical capabilities of special warfare and surgical strike contribute to unified land operations (figure 1, page iii). ADP 3-05 provides a foundation for how the Army meets the joint force commander's needs by appropriately blending Army special operations forces and conventional forces. The principal audience for ADP 3-05 is all members of the profession of arms. Commanders and staffs of Army headquarters serving as joint task force or multinational headquarters should also refer to applicable joint or multinational doctrine concerning the range of military operations and joint or multinational forces. Trainers and educators throughout the Army will also use this publication. Commanders, staffs, and subordinates ensure their decisions and actions comply with applicable U.S., international, and, in some cases, host nation laws and regulations. Commanders at all levels ensure their Soldiers operate in accordance with the law of war and the rules of engagement. (See Field Manual [FM] 27-10, The Law of Land Warfare.) ADP 3-05 uses joint terms where applicable. Selected joint and Army terms and definitions appear in both the glossary and the text. Terms for which ADP 3-05 is the proponent publication (the authority) are marked with an asterisk (*) in the glossary. Definitions for which ADP 3-05 is the proponent publication are boldfaced in the text. For other definitions shown in the text, the term is italicized and the number of the proponent publication follows the definition. ADP 3-05 applies to the Active Army, the Army National Guard/Army National Guard of the United States, and the United States Army Reserve...
