Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the intro: The sketches of composers contained in this volume may seem arbitrary in the space allotted to them. The special attention given to certain names has been prompted as much by their association with great art-epochs as by the consideration of their absolute rank as composers. The introduction of Chopin, born a Pole, and for a large part of his life a resident of France, among the German composers, may require an explanatory word. Chopin's whole early training was in the German school, and he may be looked on as one of the founders of the latest school of pianoforte composition, whose highest development is in contemporary Germany. He represents German music by his affinities and his influences in art, and bears too close a relation to important changes in musical form to be omitted from this series. The authorities to which the author is most indebted for material are: Schoelcher's Life of Handel; Liszt's Life of Chopin; Elise Polko's Reminiscences; Lampadius's Life of Mendelssohn; Chorley's Reminiscences; Urbino's Musical Composers; Franz Heuffner's Wagner and the Music of the Future; Haweis's Music and Morals; and articles in the leading Cyclopaedias.
