

## Big Bang Theory: Scientific Laws and Observations Implode the Big Bang and Redshift Light Theories and Prove the Speed of Light Is Not

By Kent R. Rieske

Exalt Publishing. Hardcover. Book Condition: New. Hardcover. 282 pages. Dimensions: 9.2in. x 6.1in. x 0.7in. History of the Solar System; the Universe is infinite and eternal; the Chaotic Destruction of the First Earth; the Gap Theory; the Six Ages of Re-creation; the death of the dinosaurs and reptiles; and how the Moon got married. This book gives scientific proof that the speed of light is not constant as has been assumed for centuries. Calculations go beyond a hypothesis by giving the decay rate of the speed of light as it travels the vast emptiness of space. The scientific impact for this discovery is profound and shocking. Many scientific proofs are given to show why the Big Bang and Redshift Light Theories are not true and the universe is not expanding at an accelerating rate as often claimed. Those who support the Big Bang Theory determine the size and age of the Universe based on observations made by newer telescopes. They observe the amount of redshift in the light from distant galaxies to calculate the distance across the Universe and the corresponding time since the Big Bang. The time and distance seem to match, but this approach is dependent upon the power...

### Reviews

*Simply no terms to explain. I am quite late in start reading this one, but better then never. Its been written in an remarkably easy way and is particularly merely soon after i finished reading this book where basically changed me, affect the way i really believe.*

-- Prof. Jedediah Kuhic DVM

*A brand new e-book with a new viewpoint. I actually have read and so i am certain that i am going to gonna read again once more later on. I am quickly could get a pleasure of studying a published ebook.*

-- Anastasia Kerluke
