An American couple adopted and raised her in their quiet Massachusetts college town, but she had been translated by magic back to her own world, and is at large, five years in the future. The mad Baroness Ceaucescu in Bucharest, and the sinister alchemist, the Elector of Ratisbon, who holds her true mother prisoner in Germany are her enemies. This is the story of how Miranda - separated from her two best friends, Peter and Andromeda who have been left behind in the forests of an alternate America - begins to grow into her own personality.
