

## I Will Love You, Forever --The Quantum Mechanics of Love

By James H. Williams Jr.

Composites & Mechanics. Paperback. Book Condition: New. Paperback. 112 pages. Dimensions: 9.8in. x 6.9in. x 0.4in. In this memoir for the ages, the internationally renowned MIT professor James H. Williams, Jr. poses the breathtaking question What happens to the love between two people when they die? To answer his question, he explores four very different loving relationships with four very different females and plumbs the depths of modern cosmology and physics. Via love's quantum packets of love Professor Williams concludes that mutually intense love can indeed be eternal. Advance Praise (Short Version) a beautifully written memoir powerful and creative A brilliantly thought-provoking masterwork. Advance Praise (Extended Version) When so much writing about love is cheap or superficial, it is a great and overdue pleasure to have this book by James H. Williams, Jr. Though his book is startling and exciting in its implications and clearly written from the heart, Professor Williams has also trained his powerful intellect and impressive scientific training on the vexed issue of love's essence and its sources to argue plausibly and scientifically! that love is eternal. I have never read a book like this before. It is truly one-of-a-kind, but the magic of the book is to...
