Beach Reeds. Paperback. Book Condition: New. Paperback. 218 pages. Dimensions: 8.5in. x 5.5in. x 0.5in. Could the mysterious death of a young woman hold the key to the outcome of the American Revolution? In the summer of 1777 British general John Burgoyne aspires to execute an elaborate plan to grab control of New York State thereby driving a wedge between New England and the rest of the colonies. If successful, the stratagem could doom the idealistic rebellion. However, north of Albany the generals Indian scouts return to camp with the scalp of a young woman, Jane McCrea. They claim that they only took the scalp after the colonial militia accidentally killed her but the Americans contend that the Indians have committed murder--proving that the British have no control over their Indian allies who are bent on savaging women and children. If the American claim is true, the girls murder could be a powerful tool in recruiting men to the cause and stopping General Burgoyne. For this reason General Washington sends the eccentric and enigmatic Mr. Fox to the region to determine the truth. Fox is an urbane Quaker allegedly committed to pacifism, but is also a skilled woodsman and Indian fighter. The bizarre contradiction of Mr. Fox both intrigues and exasperates Captain Shelby, the young officer sent to aid in the investigation. Before long attempts are made on the lives of the investigators and it becomes apparent that there is more to the girls death than anyone had supposed. Fox and Shelby follow clues and fight off would be assassins as they piece together the true facts of the girls demise-- a truth that could indeed turn the tide of the war in favor of the Americans. Praise for *The Saratoga Deception*: *The Saratoga Deception* is a magnificent work. Leadley...
